

Helping Canadians track
their vaccinations since 2011

CANImmunize is a free digital tool
that lets Canadians securely store
their vaccination records and
remember to get vaccinated on time.

Securely store your
vaccination records
in one place

Receive reminders
when it's time to get
vaccinated

Carry your
vaccination information
wherever you go

Easily access records
on multiple devices

Synchronize records
across devices

Get up-to-date facts
about vaccination in your
province or territory
