

Helping Canadians track
their vaccinations since 2011

CANImmunize is a free digital tool
that lets Canadians securely store
their vaccination records and
remember to get vaccinated on time.

Securely store your
vaccination records
in one place

Update your records
before every trip

Carry your
vaccination information
wherever you go

Easily access records
on multiple devices

Quickly check required
vaccinations before
traveling

Easily track your
whole family's
records
